

Salmon-Safe is a nonprofit organization working to restore watersheds so salmon can spawn and thrive. In collaboration with GLOBALG.A.P. North America, Salmon-Safe is providing fast track Salmon-Safe certification to GLOBALG.A.P. Integrated Farm Assurance (IFA) certified growers that demonstrate additional efforts to protect water quality and biodiversity. GLOBALG.A.P. IFA certified farms located in Pacific salmon watersheds are eligible to benefit from growing market recognition of the Salmon-Safe label. Salmon-Safe, Inc. manages its own standards development and provides retail marketing and sales support services for certified growers.

Salmon-Safe Standards may be viewed at www.salmonsafe.org. The cost of Salmon-Safe certification is minimized for GLOBALG.A.P. producers by offering Salmon-Safe assessment during routine inspection. Salmon-Safe certification is entirely optional and is independent of GLOBALG.A.P. certification.

Salmon-Safe's annual certification fee for GLOBALG.A.P. producers has been reduced to \$700.00 for a single farm location plus \$350.00 for each additional non-contiguous site.

Please return this completed form to your Certification Body (CB) and send a copy to Salmon-Safe.

ASSESSMENT REQUEST

Farm Name		
GLOBALG.A.P. Number		
Certification Body Name		
Operator Name		
Contact Person		
Mailing Address(es) Street, City State, ZIP Code		
Location Address(es) Street, City State, ZIP Code		County
Phone Number(s)		
Email Address		
I wish to request Salmon-Safe certification for my farm and I am enclosing the overlay assessment fee of \$ <input type="text"/> . ¹		
By signing below, I am authorizing this Certification Body (CB) to share my GLOBALG.A.P. Inspection Report and Salmon-Safe Inspection Report directly with Salmon-Safe as a means of review and certification to the Salmon-Safe Certification Program. I acknowledge my understanding that upon completion of the inspection and the written inspection reports, copies of both reports will be provided to Salmon-Safe.		
SIGNATURE hand signature required		

¹ The assessment fee is the entire cost of Salmon-Safe participation for the three-year certification cycle.
